
History of the AAML Southern California Chapter's Trial Advocacy Institute

The Southern California Chapter of the American Academy of Matrimonial lawyers is host to an annual Institute dedicated to promoting advanced trial practice. The Institute is sold out every year and carries a nationwide reputation for its three days of continuing education programs. The speakers and materials provide insight, education, and trial techniques tailored to the advanced practitioner. The institute is also well-known for its upscale venues, Friday night dine-around, and Saturday evening gala. The Dean of the Institute is responsible for selecting the venue, promoting the event, organizing the educational programs, and hosting the social events.
